

MAKING SUCCESSFUL DLA/PIP APPLICATIONS AND CHALLENGING DECISIONS

Learn how to make successful DLA and PIP applications!

What to Expect:

This workshop covers making successful DLA (Disability Living Allowance), PIP (Personal Independence Payments) applications. Where someone else is completing the form on another person's behalf, participants will learn how to provide the necessary information for a successful application. Having a diagnosis is not enough to access disability benefits, it is the ability to effectively describe the impact of the disability/illness.
