

# Working together to offer your employees a Will For Good

**bequeathed**   
make your Will For Good

---

Everything you  
need to know

# Age UK Plymouth would love to help your staff make a Will For Good, at the same time as encouraging them to support good causes like ours

Will For Good is a free Will-writing initiative from Bequeathed, that benefits your employees, your business and the charities you support. We pay a fixed annual fee for their services so we can offer all of our supporters a free Will, with no extra cost per Will written.

**This investment is a great way for us to increase the number of gifts in Wills left to our charity, and we'd like to invite you to help us raise even more.**

## Will For Good works for companies like yours because it's:

- **Good for employees** – it enables your staff to make the Will their families need them to have, started online and completed in the way that suits them best, always with free legal advice included.
- **Good for employers** – communicating the offer is a no-cost way for your company to help staff properly plan for their family's financial wellbeing and remove a weight from their mind.
- **Good for CSR** – it's an additional way for you to have an impact on the work of the causes you support, like ours, and a distinctive message to communicate about the support you give to charity.
- **And essential to our work** – gifts in Wills help us to continue to support over 50s, those living with dementia and their carers in the city of Plymouth. More people making a Will For Good with Bequeathed means more of these vital legacy gifts.

A standard Will is always free. Bequeathed tells users about the impact legacy gifts can have on the work of their 150+ charity partners, and prompts them to consider a gift to charity, but there is absolutely no obligation to do so.
