What do we want to know about?

We need to know about the things which you feel we do well and the things which you perhaps feel that we do not do so well.

We aim to get things right but sometimes we do not always manage it: if this is the case then please tell us so that we can put it right.

Your comments help us to decide which services to provide in the future, and help us to see where we can make any improvements.

How can you tell us?

Either fill in the form at the back of this leaflet or contact the member of staff responsible for the relevant service (contact details opposite).

All comments, whether positive or negative, will be taken very seriously.

If you feel the need to complain and your complaint cannot be resolved immediately we have a procedure which we will follow - details are available from any member of staff.

Who should you contact?

Please contact the person responsible for the service concerned, as shown on the next page - all our staff will be happy to discuss your comments with you.
