

Our Dementia Meeting Centres

Happiness

Members relaxing and laughing with each other. Reminiscing with photographs, smiling, chatting and interacting with each other.

Interaction

Information & advice services well used. Members involved and feel their voice is being heard.

Dancing

Singing

Respite

Enthusiasm

Members and carers suggesting activities and hobbies to share amongst the group. Members enjoy working and talking with younger people.

Distractions

Members and carers teaching younger people their games and vice versa.

Members engaged and occupied with activities.

Improved mood

Carers feeling more relaxed, brighter moods and happy that their loved ones are happy.

Reassurance

Carers relieved and happy their loved ones are accepted and not judged.
